

The idea for a Pybus Kids Century started in August 2013 by a small group of local moms and active bicyclists here in the Wenatchee Valley. Very quickly the group developed three overall program goals:

- 1. Encourage and increase physical activity levels in the Wenatchee Valley with emphasis on youth.**
- 2. Increase bicycle safety awareness and improve trail etiquette.**
- 3. Increase family biking comfort levels on all bike facility types throughout the Wenatchee Valley.**

The 2014 Pybus Kids Century will be open from May 1-October 31, 2014. This program is for area youth ages 6-14. Families can register their children during one of the registration events (schedule/information to follow) or anytime during the event timeline at Pybus Market.

Every time a child rides the loop they receive a stamp on their loop tally card. Parents will be instructed where to report each loop ride. Prizes are awarded for accomplishing Pybus Half Century (5 loops/50 miles) and Pybus Full Century (10 loops/100 miles).

In September-October 2013, 67 youth road a total of 1350 miles during the Pybus Kids Century. This equated to nearly 106 hours of exercise!! Let's see how many miles can be tallied in 2014!!

Thanks to the following businesses for helping to bring the 2nd annual event to the valley's youth:

Pybus Public Market

Link Transit

Wenatchee Valley Chamber of Commerce
